

ENVIRONMENTAL POLICY

GTH Construction Limited accepts the fragile nature of the global environment and consequently will strive to minimise all harmful aspects of its activities on it.

GTH Construction Limited is committed to complying with all applicable environmental legal and other requirements and is committed to sustainable development.

The Company will assess the environmental effects of all its products, projects, policies and operations with the aim of minimising and controlling any environmental impacts now and in the future. It will implement and maintain an Environmental Management System throughout its construction processes which will satisfy the demands of the International Environmental Standard, ISO 14001.

The company acknowledge that it is the responsibility of all employees, suitably trained, to work together to minimise all adverse effects.

It will address its use of energy, raw materials, transport etc. Targets and objectives, periodically reviewed, will be set to minimise these impacts and achieve the goal of continual environmental improvement.

GTH Construction Limited will seek to reduce the creation, emission and discharge of any type of pollutants and limit environmental incidents. In support of this commitment to the prevention of pollution, it will develop contingency procedures for such incidents and will ensure satisfactory implementation of these contingency procedures.

The company will foster an understanding of this policy and all environmental issues arising from its business activities amongst its employees, suppliers, contractors and customers.

An environmental Management Review Team, chaired by the Environmental Management Representative, will be the strategic body for all environmental matters, and will determine a programme of objectives and targets consistent with this policy.

This policy applies to all operations and activities of GTH Construction Limited. Copies are available to the public on application to the company at its main office.

Copies of this policy are displayed at appropriate points throughout the company.
